GROUNDS MAINTENANCE

We maintain both retail and commercial properties from public houses to large factories and business parks.

Our aim is to be reliable, reasonable and to keep your gardens or land in tip top condition all year round for your enjoyment.

All maintenance work is carried out using professional equipment to suit your own requirements and needs.

Dedicated Web Page

We offer a dedicated web page through our own web site. This is particular useful for clients with multi sites who wish to access work photos, insurance documents, risk assessments, method statements etc.

Weed Spraying

Staff are fully qualified and licensed Pa6 operatives for weed spraying paths, roads and paving areas using non-residual and selective herbicide.

We specialise in the control of

- Japanese Knotweed
- Giant Hogweed
- Common Ragwort
- Himalayan Balsam

Health & Safety

We pride ourselves in our health and safety standards. In an age of heightened levels of health and safety awareness having a pro-active maintenance programme in place is paramount.

Summary

We offer a first class service whether we look after a single client or a large retail park. We provide a varied level of maintenance service to a diverse client list throughout the North West of England. Each maintenance contract undertaken is competitively priced on a bespoke basis taking into account the clients' requirements
